 The immense advantages of Accounts Current are now so generally felt, and "expressed in the L-o" grant emporium of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the bank, in which they place the most confidence.

The Bank of Mont & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.

The sums deposited in that most important institution are duly increasing and already reach a very large amount.

These advantages have no hitherto been enjoyed in this city by an immense number of Clerks, artisans, seamen, &c. &c. of all classes & conditions, who are equally interested in putting their savings out to interest, thus providing themselves with a reserve fund in case of need, sickness or old age, and of spending them in the imminent gratification of their desires and other privacies.

The Bank of Mont & Co. is also the bank of Mont & Co. of this city following the example of their Buenos Ayres September 18th 1903.
